were very brief.

Q So in other words, you don't know whether or not the man --

A (Interposing) I couldn't swear to it.

Q -- is the one that gave you any rings back involved in Mrs. Papia's burglary?

A I couldn't swear to it. Well, I couldn't swear to it.

Q All right. And you, I believe you testified, that you didn't go with the man to my right anywhere at any time, is that right?

A Not that I recall.

MR. FRINZI: May I take him outside for a second?

THE COURT: Sure.

(Whereupon counsel conferred with the defendant outside of the hospital room.)

MR. FRINZI: I just have one or two questions, and we can break up.

Q Now, at this barbershop, do you recall whether or not you had your nails taken care of by a manicurist?

A That may be; that may be.

Q Now, do you know how Mrs. Papia got -- strike that. There has been some testimony, Mr. Buccieri --

MR. TESCH: (Object for this witness to be questioned. He need not be told what's before him.

THE COURT: Objection sustained.

Ask your next question without predicating somebody else's testimony.

MR. FRINZI: All right.

Q Do you know -- strike that. Did you know how many rings that you got back you say on this particular day in Milwaukee?

A There were three or four involved. Exactly, I couldn't say, four or three, positively.

Q You don't know how many you got back?

A Three or four. Cause they were intermittent, sporadic, and I can't recall exactly how it took place.

Q Now, did you ever to your knowledge ask for help or assistance from the man to my right here in finding this property or locating this property?

A I believe this is the gentleman that I talked to at the barbershop, that I think what transpired in conversation was that he would see what he could do for me. He would try to help me recover the jewelry.

Q Did he give you the jewelry back?

A I think so.

Q You're not sure?

A A year and a half, I'm not sure of anything, and in this condition, I'm not positive also of anything.

Q And how many contacts did you have with the man that you claim to be to my right?

A I think two.

Q You're not sure of that?

A No.

Q And you're not sure that the man to my right is the individual that gave you the rings back?

A Not positive, no.

MR. FRINZI: That's all.

THE COURT: Do you have any other questions, gentlemen?

MR. TESCH: No, that's all.

EXAMINATION

BY THE COURT:

Q Mr. Buccieri, how old are you?

A I will be 54 next month.

Q When you went to the barbershop, did you go alone or in the company of other people?

A I believe I was alone.

Q Then you were given the address, is that it?

A Well, I know where North Avenue^{is}, and they gave me an address on North Avenue, and I know how to get to North Avenue. That's about all I can tell you.

Q Yes, but I mean did they indicate to you within what block on North Avenue?

A Roughly, yeah, I would say they did. However -- now, I couldn't tell you, but I believe they did tell me the

hundred block it would be.

Q When you recovered the rings, was it in the day time or the night time? Do you recall?

A I think it was the day time. There again, I can't be sure.

Q And when you recovered the rings, were you alone at that time or in the company of other people?

A I believe I was alone. I wouldn't swear to that either, but I believe I was alone.

Q As I understand you to say that you recovered the rings from that same gentleman that you saw in the barbershop, is that it?

A Yes.

Q Was there anything said between you?

A As I recall, very little. Like I said, the encounters were very brief and that's why I can't recollect exactly what took place, because I was in between Chicago and Milwaukee, and I didn't have any continuity with my attempts in getting recovering the rings.

Q Did any money pass between you?

A Not that I recall.

Q Was there anything left in writing as a result of getting the rings?

A Writing?

Q Yes, I mean a receipt or anything of that kind.

01 074 0366

A Not by me.

Q Did you ever hear of a dentist or a doctor who may have had some possession or knowledge of the rings?

A I don't know. There was a gentleman in front of me in Sally's Restaurant, but I don't know who it was now that made mention of a ring to me, and I didn't want to discuss it. I didn't know him, so I didn't discuss anything with him. I excused myself. Who he was, I can't tell you, a doctor, dentist, or whatever.

Q You wouldn't be able to recognize him?

A Well, it was a gentleman. Well, no, in fact it was on a Saturday, I believe. The restaurant was busy, and he approached me to talk to me, and I didn't want to get involved in any conversations, so I just didn't allow him to talk to me too long.

THE COURT: All right, I have no further questions, but either of you gentlemen may supplement any questions or any answer given to my questions.

RE-DIRECT EXAMINATION

BY MR. TESCH:

Q Sir, do you recall what the doctor or dentist asked you about?

MR. FRINZI: Wait a minute. I am going to object to the question. There is no testimony --

A I will object to it myself.

MR. FRINZI: There is no testimony --

THE COURT: Just a minute. Did you have any conversation with that man?

A I just told you, Your Honor, that the gentleman approached me in the restaurant. I didn't know who he was.

THE COURT: I see.

A Or what his occupation was. He asked me about a ring, and I didn't recognize him or know him. It was rather brash on his part to come up to me and discuss a ring with me. So I told him, "I'm sorry, I don't know what you're talking about," and I dropped it.

MR. FRINZI: I will object to that question. There is no testimony here about a doctor or a dentist.

THE COURT: Let the answer stand. Anything else?

MR. TESCH:

Q After you had received the rings back from the gentleman who recovered them for you, did you in turn return them to Mrs. Papia?

A No, I didn't return them. She was either out of town or in Chicago. I couldn't find her when I received the rings, and I couldn't get into the house. I had no keys. So -- and I was going to be gone for a couple days, so I just put them in the mail chute in an envelope and left them there because I wasn't going to be back for a couple days, and I didn't know when I would get to see her and I didn't want

to carry them around with me.

MR. TESCH: Thank you, that's all I have.

THE COURT: Do you have anything else, any questions?

MR. FRINZI: No questions.

THE COURT: All right, thank you very much.

THE WITNESS: Thank you, Your Honor.

(Which were all proceedings had at said time.)

On Tuesday June 30th.1970 Attorney Thomas E. Hayes of 161 Wisconsin Ave. (271-9252) was contacted by telephone, regarding the status of Mr. Louis Fazio's arrest of 3-13-46.

Atty.Hayes stated Mr. Louis Fazio received a Pardon from the Governor of The State of Wisconsin relative to that particular Charge. At this time I requested communication by Mail be sent to the Milwaukee Police Department, to verify the pardon, also to acknowledge previous arrests, whether Governor's Pardon was ALL INCLUSIVE?

To Date 7-6-70, there is no communication received by the Police Department relative to above, as the Attorney had stated there is plenty of time, in as much as the premise is not near ready to be operated.

In view of these circumstances, as a STATE of WISCONSIN Corporation application is a part and parcel of this Class "B" Liquor License application report, the application is being submitted to the Licensing Committee without verification of a Governor's Pardon.

The City of Milwaukee Police Department respectfully calls to the Attention of The Licensing Committee, eight (8) previous arrests, other than the arrest subject alleges to have been " PARDONed " of.

On Wednesday, Sept 27, 1972, at about 6:40 AM, Ptm John Skiera and myself, Philip Escher, Respondent to a call of "Man Down" at 2801 N Humboldt. Upon arrival we observed the victim, Louis Martin Fazio, w/m, 7-21-14, of 2805 N Humboldt Apt #2, lying face down in a driveway located at the rear of 2805 N Humboldt. There was a large pool of moist blood around the head area of the victim. The victim's position had been marked off with chalk by Sq 935, Ptm Ray Stall. The first officer on the scene. I patrolled the victim's waist area to determine if he had a wallet and to obtain identification of him. In his left rear pants pocket I found a black leather wallet with numerous credit cards and other forms of identification. The wallet contained no money. The pocket which contained the wallet had been buttoned closed, and after I obtained identification from a driver's license, I returned the wallet to his pocket and closed the button. Ptm Skiera and myself then met the victim's wife, Josephine mm Fazio, w/f, 8-2-15 of 2805 N Humboldt #2, who had come out of the home to walk a dog. We took her back into the home. Mrs Fazio stated that her husband operates the Iron Horse Restaurant, 1100 W Wells. That he usually returns home about 2:30 to 3:00 AM in the morning. Parks in the rear lot. She stated that about 3:00 AM, she observed her husband's

Explain in detail what work was done on the case:

On Wednesday, 9/27/72, at about 7:00am, we were dispatched to investigate a possible homicide at the rear of 2805 N. Humboldt Ave.. Upon arriving, we met Squad 935, Ptm. Ray STAHL, #5 District, late Shift. He informed us that he had heard the dispatch of a man down come over the air and he was in the immediate area and proceeded to the scene. There he found the body of an unknown male, lying on its side with the head pointed in a Southwesterly direction and lying on a concrete parking area between two automobiles. He immediately requested for an ambulance and he did chalk off the body.

We observed that this area is a concrete space which is large enough to park three autos, there were three automobiles parked facing a westerly direction. We found that the chalk marks were between the vehicle to the immediate North and the vehicle in the middle. The vehicles are as follows: The vehicle to the immediate North is a 1959 Chevrolet, 4-door sedan, blue in color with Wisconsin license P50/218-68 registration. This auto appears to have been disabled with three flat tires. The auto in the middle is a 1972, Chevrolet coach, black vinyl top over gray bottom, Wisconsin license Y12/364-72-expiration date. The vehicle identification on this automobile is as follows: 1M47H2J176025. The vehicle to the South is a 1961 Pontiac, convertible, black top, white bottom, Wisconsin license, X23/949-72 expiration. We found a large pool of coagulated blood at on the concrete platform, near the left rear wheel of the vehicle in the center, which be the 72 Chevrolet. Approximately 3 to 4 feet East of this pool of blood and partially under the auto was a leather packet containing various keys. Just to the North of the keys, and on the concrete platform, was the Milwaukee Sentinel, with today's date. We found that the left front

Explain in detail what work was done on the case:

On Wednesday, 9-27-72, we interviewed John Vincent FAZIO, W/M, bn 5-11-28, of

5261 N. Iroquois, home phone 962-7596, who is the manager and licensee of the Old Iron Horse, 5260 N. Port Washington Road, Glendale, phone 332-3444. John is the youngest brother of the complainant, Louis Fazio. States that he has been in business at the Old Iron Horse for the past seven years. The Old Iron Horse is a corporation owned by the Fazio brothers. They own another Iron Horse tavern and restaurant, located at 1100 W. Wells; and a third Iron Horse tavern and restaurant, located at Hwy. 100 and Blue Mound Road. They also own Fazio's on Jackson Street, located N. Jackson and E. Pleasant Street.

John states that the last time he saw his brother, Louis, was about a week ago. Doesn't know might have slain his brother. Claims that the first he knew about it was this morning, about 7:00a.m., when Josephine Fazio, the wife of the deceased, Louis Fazio, called him and said that her husband was laying in the back, appeared to be dead. At the time she called, he thought possibly Louis had had a heart attack.

Subject was taken to the Medical Examiner's office by us, about 8:30a.m. this date, where he was to view the body of Louis for identification. Instead, Deputy Medical Examiner Gerald LaMount made identification as he was acquainted with the deceased, Louis Fazio, since he was a child.

John states he knows of no reason why anybody would want to kill Louis. If he was in trouble, he would have confided in one of the older brothers, which is Tony or Angelo, before he would him. We should talk to these two brothers for any additional information.

On Wednesday, 9-27-72, at 3:30p.m. we interviewed a Robert Edwin WALBERG, W/M,

dob 4-22-28, Milwaukee County Sheriff's #24955, presently in custody in Milwaukee County Jail awaiting trial for Possession of Stolen Property.

This interview took place in a conference room of the Criminal Investigation Division of the Milwaukee County Sheriff's Department. Present at this interview was Robert Walberg, his attorney, Atty. Goulee, Assistant Dist. Atty. Tesch, and Detectives Raymond Koehler and Robert Blackburn.

The purpose of this interview was to question certain statements, allegedly made by Walberg, while being interviewed by FBI agents on Wednesday, 9-20-72, in that he had stated that either on a Tuesday or on a Friday there was going to be a hit in Milwaukee. During the course of our questioning Mr. Walberg, he told us that he had no information concerning the death of Louie Fazio. FBI agents had just finished talking with him about one half hour prior to our seeing him on this date, and that he had talked to them for approximately three hours. He further stated that there were two FBI agents and a third man, wearing a blue sport coat, who identified himself, as being with "The Milwaukee P. D." At approximately 3:35p.m. Mr. Tesch left the room, as Walberg was not too responsive to any questioning in Mr. Tesch's presence. Also, during the time of our interview and with the permission of his client, Mr. Goulee, also left at 3:45p.m. stating he had to make an appearance in Judge Kessler's court room, for a Murder preliminary. At this time, Detectives Koehler and Blackburn were alone with Walberg.

Walberg was approached regarding his statements that he made, allegedly made, to the FBI agents, and he stated that the

statement was not true in it's entirety. He stated that while being interviewed by the FBI agents last week Wednesday, he had stated that while in Waupun, from 1965 to 1968, he had conversation with an inmate, whom he only remembers the first name of Ernie. At that time, this Ernie was making statements to the effect that he was talking about making a hit on a Fazio Jr. That this Fazio Jr. left Fazio's on Fifth every Tuesday morning with a large amount of money, which he took to Chicago. Their plan was to stop him some place on the highway, between Milwaukee and Chicago; and that they would take the money from him then. Further, that there was no plan for any shooting. Walberg's comment to Ernie, "This would be a very foolish move, that he would be better off trying to knock over a casino in Las Vegas. He'd stand a better chance of getting away with it."

Several times during our questioning of Walberg, we brought up the statement that he allegedly made to the FBI agents, and he told us that this was wrong about this being a recent hit. That this was conversation that he had with an inmate back in 1965 through 1968, while he was at Waupun State Penitentiary. He said in no way was that to infer that that was going to occur sometime in the near future, referring to last Sunday up to today's date. He also said that the FBI agents that saw him on this date, Wednesday, 9-27-72, also insisted that this remark about a hit being made on a Tuesday or a Friday was referring the present, and he told them that he denied this. He stated, at this time, he has no knowledge of who did kill Louie Fazio. That he was first informed of Fazio's death, when the FBI agents saw him on this date, Wednesday, 9-27-72. We concluded our interview with Walberg at 5:15p.m. and returned to the County Jail.

Explain in detail what work was done on the case:

On Wednesday, 9-27-72, we interviewed a James J. TAUGHER, W/M, 5-23-30 of 3353 South

78th Street, 321-5493. States that he has been working for Fazio's on Jackson for the past year and five months. He was told that it had come to our attention that someone had overheard him telling another bartender by the name of Nunzio MANAICI, that "If you don't get those kids off the street, you might get into trouble." He admits that he did say this, that he had received a call from Angelo Fazio's wife, that she had received a phone call from a man who asked if he was speaking to Angelo Fazio's wife, and that if she had better get her kid off the street or there would be trouble. In no way can we see that this phone call had anything to do with the killing of Louis Fazio and that the information about what James Taugher had said to Nunzio Manacici, in no way had any connection with the slaying of Louis Fazio. Mr. Taugher also states that while tending bar on Jackson Street that he had numerous frank phone calls about the slaying, and had quite a few calls where people just rang the phone, and when he would pick the receiver up, they would hang up. James Taugher stated he was arrested in 1948 for Forgery, and spent fourteen months of a three year sentence in Green Bay Reformatory. Other than that, he has no Police record.

Date September 28, 1972OFFENSE HOMICIDE (SHOOTING) Date Offense Reported September 27, 1972Reported by: FAZIO, Louis Martin Address 2805 N. Humboldt Ave.Reported for: HIMSELF Address " "Address where offense occurred: rear of 2805 N. Humboldt Ave. Date of Offense September 27, 1972Explain in detail what work was done on the case: On Wednesday, September 27, 1972, at approximately 9:00PM, F.B.I. agents Jim GRANT

and Daniel ARDEN, came to the Detective Bureau with information regarding the above offense. We interviewed the two agents and the following information was obtained. Agent GRANT stated that an informer who wished to remain anonymous supplied information pertaining to the Murder of Louis FAZIO. Information received approximately 2 weeks ago indicated the hit would be made on one of the younger FAZIO's, possibly Louis or John. The hit would be made in Chicago, regarding large sums of money the younger FAZIO carried to Chicago for possible pay-offs. At an unknown time, possibly Tuesday or Friday nite, the subject would be robber in the Chicago or Illinois area. The information supplied indicated that a Raymond RAMAZINI, W/M, DOB: 3-5-16, was shot and killed in a holdup in East Chicago, Indiana, on March 22, 1969, along with an accomplice, Harold L. SIMPSON, of Calumet City, Illinois. During the course of the holdup a third suspect, a Robert Kenneth WICKENDEN, W/M, DOB: 9-10-35, supposedly took the mortally wounded Ray RAMAZINI from the residence, where the holdup had taken place, leaving the deceased, Harold SIMPSON.

Information received that Raymond RAMAZINI, being mortally wounded, was taken to an unknown spot, subsequently shot and killed by Robert WICKENDEN and dumped near Crown Point, Illinois, where the body was discovered a few days later. The money in the Armed Robbery, from the home of Steven MARUSZCZEK, of Hammond, Indiana that was missing was in the amount of approximately \$10,000.00, none of which has ever been recovered. Information thru the Underworld indicated that Louis FAZIO wanted the subject Robert WICKENDEN, personally brought up to Milwaukee where he could kill him himself; however, in checking the records at Crown Point County Jail in Illinois and the State Penitentiary, Michigan City, Indiana, indicates that the subject, Robert Kenneth

On Thursday, 9/28/72, at about 4:00am, we made a follow-up investigation in regards to a report of a suspicious man, which occurred on Wed. 9/27/72, at 12:40am, at 1018 S. Locust St., which is about 1 block away from the scene of this murder.

~~den~~ We interviewed Ptm. BACCHINI & Ptm. RUSCH, who investigated this suspicious man report on 9/27/72, at 12:40am, at 1018 S. Locust. They informed us that they interviewed a Mrs. Isabell MAJOR, of 1018 S. Locust St., who notified the police regarding this suspicious man. They also stated that the cause of this suspicious man, complaint was that Mrs. MAJOR had observed three males sitting on her ashbox located at the rear of the home and that they were talking loudly and causing a disturbance, and this was the only cause for her reporting, this and it was not actually a suspicious man. Mrs. MAJOR further stated to the officers that when the police arrived, the three suspicious men fled through the alley, in a southerly direction. Prior to her reporting this suspicious man at 12:40am, on 9/27/72, at 11:50pm, on 9/26/72, she also had phoned the police reporting trouble with a man in front of her home and at this time, the investigation showed a man was urinating on the street in front of her home. Because of this information, we feel this has no connection with the murder of Louis FAZIO.

Also in regards to this murder, a of M. Humboldt, A/M, KCB was interviewed. In the interview on the morning of 9/27/72, at about 9:30am, he stated that when he arrived home, from work at 12:40am, he observed a white male running south through the alley located between Humboldt and Veil and Locust and Hadley. On Thursday, September 28, 1972, we interviewed a Paul Barney WOZNIAK, W/M, DOB:

-30-20, at his home at 726 N. 12th St., Apt. 309. This interview took place at approximately 2:45AM, on Thursday, September 28, 1972.

Mr. WOZNIAK informed us that he knew the deceased, Louis FAZIO, for many years, going back to the time before Louis FAZIO was sent to Waupun for Murder. He also met the deceased while in the State Prison in Waupun and knew him quite well. Upon Mr. WOZNIAK's release from the State Prison at Waupun, approximately 2 years ago, he was employed at Frenchy's Restaurant as a cook. One evening he stopped at the Ironhorse Restaurant, 1100 W. Wells St. and there he renewed his acquaintance with Louis FAZIO, at which time the deceased employed Mr. WOZNIAK as a cook at the Ironhorse Restaurant at 1100 W. Wells St.. Mr. WOZNIAK has been employed there since that time, approximately 2 years and is still employed in this capacity.

We questioned Mr. WOZNIAK regarding the death of Mr. FAZIO, to see if he could shed any light or give us any information as to whom may have committed this offense. He stated to his knowledge, the deceased had no enemies, was a very friendly and likable man. Mr. WOZNIAK states that he and the deceased often talked in the evenings, which were his hours of duty as a cook. Mr. WOZNIAK stated he started his tour of work in the afternoon and would quit sometime between 12:30 and 1:00AM on week nights and 2:00AM on Saturday nights. We further questioned Mr. WOZNIAK, but he insisted that to his knowledge, Mr. FAZIO had no enemies. He did state, to his knowledge, since his term of employment for the deceased, he can only recall one incident, which seemed to him to appear a little bit unusual. He stated that on Friday, September 22, 1972, at approximately 9:00PM, a Deputy Sheriff,

The deputy sheriff asked who was the owner of the establishment. Mr. Ray SOMINSKI, the bartender, stated that the owner, Mr. FAZIO, was not in the establishment at the present time. The deputy sheriff had a brown envelope, which made Mr. WOZNIAK think it was apparently some sort of legal papers being served on the deceased. The deputy sheriff stated to the bartender that if the owner was not here, he would return later and left the Ironhorse Restaurant. Mr. WOZNIAK asked the bartender if he knew what it was about and the bartender said he knew nothing about any papers was not aware of what apparently was going on. Mr. WOZNIAK, the next day, Saturday, September 23, 1972, asked the deceased if the deputy sheriff had returned and if there was anything the matter. The deceased informed Mr. WOZNIAK that he was not aware of being served any papers, he was not in any trouble and anticipated no trouble and does not know why the deputy sheriff was looking for him. Sometime on Monday, September 25, 1972, Mr. WOZNIAK asked Mr. FAZIO, the deceased, if the deputy sheriff had returned with the papers. Mr. FAZIO said no. Mr. WAZNIAK asked no more questions, but considered this to be odd that a deputy sheriff would be serving any type of papers at this hour on a Friday night and in a deputy sheriff's uniform. He could offer no other information. He did state that more information could possibly obtained from the deceased's nephew, Ray SOMINSKI.

The only other information that Mr. WOZNIAK could offer was the fact that Mr. FAZIO, the deceased, was anticipating

entering the hospital for a bladder operation. Mr. WOZNIAK knows no more about it, only that the deceased intended to enter the hospital soon.

We questioned Mr. WOZNIAK further, to determine if he knew how much money the deceased may have been carrying or in what amounts and what was his practice upon leaving restaurant. Mr. WOZNIAK informed us that the deceased carried three wallets, one he carried in the front pocket with his own money, another in a rear pocket in which he carried money to pay certain insurances and things that had to do with the tavern and restaurant business and another wallet with cards - business cards and personal identification in it. Mr. WOZNIAK was sure that he always carried these three wallets. He further stated that the deceased left the restaurant at different hours and took different routes home. Mr. WOZNIAK was sure of this because he had discussed it with the deceased, and Mr. FAZIO had informed Mr. WOZNIAK that he did this because he did not want to be followed or have anything happen to him. Mr. WOZNIAK could give us no further information regarding why the deceased was killed or whom may have killed him.

Suggest that it would be a good idea if someone could contact Mr. Ray SOMINSKI, the bartender, to determine, or obtain more information regarding the incident with the deputy sheriff.

Check of our Bureau of Identification regarding Mr. WOZNIAK, shows he has been arrested for the following offenses.

Assault & Rape, 3 arrests for Sodomy, 2 arrests for indecent liberties, 1 arrest for larceny, and one arrest for attempt robbery.

Explain in detail what work was done on the case: Mr. TROVATO, stated that he comes to Milwaukee, approximately 1 time a week and that

the last trip to Milwaukee was made this past Sunday evening, 9-23,-72. He drove to Milwaukee, arriving in our city at

approximately 10:00PM, when he went directly to Chico's Restaurant on N. Farwell Avenue, in Milwaukee, At this time, he met

a friend by the name of Roy BERNICCI, They had dinner at the restaurant and then went to the Palmaro Restaurant, located

on N. Murray and E. North Avenue, arriving there about 1:30AM. They had a cup of coffee there; arriving there at 1:30 and

leaving there at about 2:00PM Mr. TROVATO then stated that he drove to the home of his mother, Mrs. Ann TROVATO, 1534 N.

60th St. (257-0310) arriving there at about 2:30AM. He claims that he stayed over night, Sunday night at his mother's home

and then returned to his home, in Forest Park taking his mother with him, the following morning at approximately 10:00AM. He

claims that he has been back in Forest Park, Illinois, with his family at this home since that time.

Throughout our investigation and our interrogation of Mr. TROVATO we found him to be

in a very calm, cool, condition, with a very indifferent attitude as to what has taken place in Milwaukee. During our

conversation, we observed no markings about his face, which might indicate a fight or struggle in which he had been involved

recently and his demeanor as we talked to him, also was observed to be very cool, calm and with out any signs of nervousness

we further observed his actions as he lighted his cigarettes and made other movements at the table and our observations of

his actions, at this time, also showed him to be showing very little concern in regards to our investigation and he seemed not

to be the least bit nervous at our presence. We further found, by talking to him, he claims that he was unable to offer

He stated that he had no idea why this happened and could offer no information that would be of value although he did add, that he probably would not tell us anything anyway if he did know anything. However, he still maintained that this was not the case, but in fact he had no idea as to why this offense had taken place. The only comment that he made that could be taken in any way to be connected to what happened in Milwaukee, was that he stated that if Louis FAZIO was shot and killed he must have beaten somebody out of a lot of money or "screwed somebody out of a awful lot of cash". Other than this, Mr. TROVATO made no comment, which could be considered to be connected, this matter. We were unable to obtain any further useful information from this man at this time. Mr. TROVATO further stated that he could be found at the home address given or the business address given at any time and will be willing to talk to the police and help in any further manner if he could. We were unable to obtain anything further at this time.

Explain in detail what work was done on the case:

On Thursday, September 28, 1972, we learned from the Fazio family at this time that

the deceased Fazio had two money clips which he possessed. According to them it is very possible that these money clips were on his person at the time of his death, because no one from the family is able to find these money clips either at his residence or at his place of business, The Iron Horse Restaurant.

They described these money clips as one being either silver or gold, it is a money clip in the form of a dollar sign which has mounted in the center of it an unknown coin (the size of a quarter, or nickel), and that is one money clip that he had received from his daughter many years ago. The second money clip is a money clip which has a gold Mexican coin mounted on two gold bars. This money clip is supposedly quite heavy in weight. According to the family he was known to carry these money clips with him on his person. As far as they knew, and seeing as how none of these money clips had been found they are assuming that he might have had them on his person at the time of his death.

A money clip in the form of a dollar sign was received from a Milwaukee jewelry in the Downtown area, and this was brought to our B of I where photos were taken of this money clip with a coin on it. We had one photo taken with a quarter coin, and one photo taken with a nickel coin on it. We also had a silver dollar put on two gold bars which would simulate the Mexican Gold coin money clip which Mr. Fazio had. A photo of this was also taken. At the present time we have ordered one hundred photos from the B of I, and they are being processed and will be picked up and distributed to investigating officers at a later date when they are available.

Explain in detail what work was done on the case: On Thursday, September 28, 1972, we were assigned to investigate the offense.

We talked to numerous colored people in the colored area who would have any type of connections with the deceased Louis Fazio, and who might frequent the Iron Horse Restaurant, located in the 1100 block of W. Wells Street.

The people that we talked to stated that they had not heard anything that any black people were involved in the murder of deceased. The people that we talked to stated that they would talk to their friends and see if they could gain any

information about the murder of Louis Fazio. We talked to several known acquaintances of Louis Fazio. One B/M, of N. 6th Street, also the operator of the Tinder Trap Tavern, of E. Center Street, we were unable to get any

information from him.

All of the parties questioned stated that they believe that this possibly could have been a gangland type murder, but they had no information of, or evidence that would point in that direction. These were just their personal feelings.

We also talked to several employees of the Catholic Knights, which is located in the same building as the Iron Horse

Restaurant in the 1100 block of W. Wells. We talked to colored employees which comes to six female employees. Number one

A followup investigation consisted primarily with the

total number of gun shots that were heard, and the time lapse between the shots. In regards to our interview with

she stated that she went to bed at approximately 11:00 P.M. on the evening of September 26, 1972, along with her husband

Wednesday, she was awakened by what she determined to be a gun shot emanating from either what she first thought the back yard,

or from a distance to the north of her bedroom. Her bedroom is situated in the northwest section of the home proper. She stated

that almost simultaneously with the shot she heard a scream, however the shot came first. She stated that after the scream

she heard voices as if someone was yelling something to someone else. She thought that this consisted of only a couple of

sentences and that this talking or yelling lasted approximately five seconds, at which time she heard two more shots in

succession. She explained that the latter two shots were fired one right after another. She stated that she was unaware of the

exact time and that she went back to sleep. She commented further that her husband slept through this, all of the time.

To which was further stated that the inner bedroom door, which leads to the outer porch was open and the screen door (outer) to

the porch was closed and locked. After the final shot she stated that she heard no more screaming or yelling or any noise

Explain in detail what work was done on the case:

On Thursday, 9-28-72, at 8:30pm I was sent to investigate a bomb scare at Sally's

Steak House located at 1028 East Juneau Avenue. Upon my arrival, I was met at the scene by Squas 10, Officers Wood and Dandoy, Squad 11, Officers Carlson and Manske, Squad 1, Sgt. Stanick and Detective Lieutenant Dorsey Tisdale.

We informed the owner and operator of Sally's Steak House, a Mrs. Sally Ann PAPIN, W/F, 3-20-32 of 2880 Menomonee River Parkway, 771-0790, Business Phone 272-5363, that the Milwaukee Telephone Company Operator had received a call and that there was a threat that a bomb was to go off in her restaurant. After talking with Mrs. Papia, she agreed and did consult all of her employees, including the waitresses, hostesses and kitchen help to the fact that there was a possibility that a bomb was in the building and that the members of her staff did check their entire assigned working areas, with negative results. The Uniform Officers, under the supervision of Sgt. Stanick checked the basement area, the hallways, the men's rest room, and the entire outside of the building, with negative results. The investigation was concluded at 9:00pm.

I then contacted Number One Lieutenant Busalacchi, who informed me that at 8:25pm, he had received a call from the head supervisor of the Telephone Company, a Mrs. Hogan, who informed him, Lt. Busalacchi, that one of the operator's had received a threatening phone call at 8:17pm. I then checked with the Telephone Company and interviewed Mrs. Hogan, who told me that she did not receive the call, that a Helen Harper, did receive the call. I then interviewed Mrs. Harper by telephone and she informed me that she received the call at exactly 8:17pm, and that the caller appeared to be a white male, who talked very slow, as to be retarded, or a very elderly person. She stated that the exact conversation was, "There is going to be a bomb go off in thirty minutes at Sally's on Juneau in retaliation for Fazio." The caller then hung up. Mrs. Harper stated that she then pushed the hold button and rang the phone from which the original call originated. She stated that no one answered for approximately one minute, and that shortly thereafter, an unknown white male did pick up the receiver of the telephone. The caller stated that he just stepped into the phone booth and was going to use the phone. Mrs. Harper questioned the caller as to the whereabouts to the phone and the caller stated he was a block South of North Avenue on Farwell Avenue, and gave the phone number of the phone booth as being 273-9619. The caller then was advised to use another phone, that they were going to keep this line open temporarily. I then had Mrs. Harper check the number to find the exact location of 273-9619, and she informed me that this number is a pay phone located at 2353 North Farwell Avenue. Mrs. Harper was unable to furnish any additional information.

At the time of this writing, we feel that this was nothing more than a prank call given to the Telephone Company by a mentally retarded, or illiterate person who wanted to frighten the owner, Sally Papia.

Humboldt Ave. Date of Offense September 27, 1972Explain in detail what work was done on the case: On Thursday, 9-28-72, we were assigned to follow-up on an anonymous telephone call which

Captain Daniel Koprowski had received on Wednesday, 9-27-72, at 8:10pm. This anonymous call stated a Gene SIPPY, 10-5-16, our B. of I. #57304, may be involved in this offense. We checked all our local records on Sippy and found he has not been in our State, apparently since 1969, at least there is no record of it. Joliet State Prison, Illinois was checked. Sippy did serve a term for Theft of \$57,000.00, but he has been released sometime in the past, on parole.

An Investigator named HANNIGAN, of the Chicago Police Department, stated he will forward to us immediately, through the mail, a complete file on subject, Gene SIPPY. In checking local correspondence here we had on him, we attempted to locate a daughter, Dianne Sippy, who was living in 1969, at 945 North 25th Street. At that address, we located the building manager, who stated Dianne Sippy had married, last year and moved out to an address unknown. Also tried to locate a son, Dennis Sippy, at 2834 North 22nd Street with negative results. He no longer resides there. Through questioning of neighbors, we learned that Dianne Sippy has a married name now of MEUMIER, and she resides at 3637 South Alabama, Milwaukee, Wisconsin. She is employed by some unknown firm on the day shift, and we could not contact her during our tour of duty. We will do so tomorrow, if early shift is unable to do so tonight.

We also had twelve photos made up of suspect, Gene SIPPY for distribution among the men assigned to this homicide detail. Our day's activity disclosed no information that would involve Gene Sippy in the above listed homicide. Further investigation is pending.

REPORT

Thursday, September 28th, 19 72

In the matter of BOMB SCARE, SALLY'S STEAK HOUSE, 1028 East Juneau AvenueTo LEO WOELFELInspector Of Detectives

Sir:

On Thursday, September 28th, 1972 at 8:30pm, I was sent to investigate a bomb scare at Sally's Steak House located at 1028 East Juneau Avenue. Upon my arrival I was met at the scene by Squad 10, Officers Wood and Dandoy, Squad 11, Officers Carlson and Manske, Squad 1, Sergeant Stanick and Detective Lieutenant Dorsey Tisdale.

We informed the owner and operator of Sally's Steak House, a Mrs. Sally Ann PAPIA, W/F, 3-20-32 of 2880 North Menominee River Parkway, 771-0790, Business Phone 272-5363, that the Milwaukee Telephone Company Operator had received a call that there was a threat that a bomb would go off in her restaurant. After talking with Mrs. Papia, she agreed and did consult all of her employees, including the waitresses, hostesses, and kitchen help to the fact that there was a possibility that a bomb was in the building and that the members of her staff did check their entire assigned work areas with negative results. The Uniform Officers, under the supervision of Sergeant Stanick, checked the basement area, the hallways, the men's room, and the entire outside area of the building with negative results. The investigation was concluded at 9:00pm.

I then contacted Number One Lieutenant Busalacchi, who informed me that at 8:25pm, he had received a call from the head supervisor of the Telephone Company, a Mrs. Hogan, who informed Lieutenant Busalacchi that one of the operator's had received a threatening phone call at 8:17pm.

I then checked with the Telephone Company and interviewed Mrs. Hogan, who told me that she did not receive the call, that a Helen Harper did receive the call. I then interviewed Mrs. Harper via telephone and she informed me that she received the call at exactly 8:17pm, and that the caller appeared to be a White

male who talked very slow, as to be retarded or a very elderly person. She continued that there was a possibility that the caller did hold something over either his mouth, or the mouth piece of the telephone to disguise his voice. She stated the exact conversation was, "There is going to be a bomb go off in thirty minutes at Sally's on Juneau in retaliation for Fazio." The caller then hung up. Mrs. Harper states that she then pushed the hold button and rang the phone from which the original call originated. She stated that no one answered for approximately one minute, and that shortly thereafter an unknown White male did pick up the receiver of the telephone. The caller stated that he just stepped into the phone booth and was going to use the phone. Mrs. Harper questioned the caller as to the whereabouts of the phone booth. The caller stated he was one block South of North Avenue on Farwell Avenue, and gave the phone number of the phone booth as being 273-9619. The caller was then advised to use another phone, that they were going to keep this line open temporarily. I then had Mrs. Harper check the number to find the exact location of 273-9619. She informed me that this number is a payphone located at 2353 North Farwell Avenue. Mrs. Harper was unable to furnish me with any additional information.

At the time of this writing, we feel that this was nothing more than a prank call given to the Telephone Company by either a mentally retarded person or an illiterate person who wanted to frighten Mrs. Sally Papia.
